The questions presented below are part of a larger survey conducted on the American Trends Panel. The other questions on this survey are held for future release or have been previously released.

This survey was conducted primarily online, with some interviews conducted by live telephone. This topline shows the programming language for online administration. For details on how questions were slightly modified for phone administration, refer to the questionnaire.

"No answer" includes web respondents who do not answer the question as well as telephone respondents who refuse to answer or who say that they don't know how to answer. In cases where "not sure" was offered as an explicit option to web and telephone respondents, the "no answer" category includes only web skips and telephone refusals.
